

DC9 To 12V Wired Strobe Siren Red Light Sound Flash Buzzer Siren

RHD-103

What is a strobe siren?

An alarm siren and strobe light is an easy way to quickly scare off any vandals who decide to break into your home. You can set up your sirens and strobes to go off whenever a sensor on your alarm system is activated. These devices can be hardwired or wireless. Buy an alarm siren and strobe from us.
