

Safety Beam Sensor For Automatic Sliding Door Operator

M-218

Specifications

power supply	AC/DC 12V~30V	Acceptance line	Black 5.5M
Quiescent Current	18mA	Number of beams	Single beam or double beam optional
Operating current	58mA	Working temperature	-42 C ~45 C
Maximum sending and receiving distance	10M	Working environment humidity	10~90%RH
Output node normally open normally closed	Skip selection	Dimensions	105.5x53.4x28.5mm
External wiring launch line	Blue 5.5M	Appearance size	19x13mm
